Thursday 7th June: Wicked Weather Incursion

Friday 8th June: School Walkathon

Monday 11th June: Queen's Birthday (no school)

Friday 29th June: Last day of Term 2 (2.30 finish)

Mr Houston's Tennis Academy

Grade 1's and 2's have been loving Friday mornings! Many students have come to school early to have some fun practising their tennis skills with Mr. Houston!

CROSS COUNTRY

Everyone had a great day at the Junior Cross Country dressing up in their house colours and crossing the finish line to earn points for their house.

SCHOOL DISCO

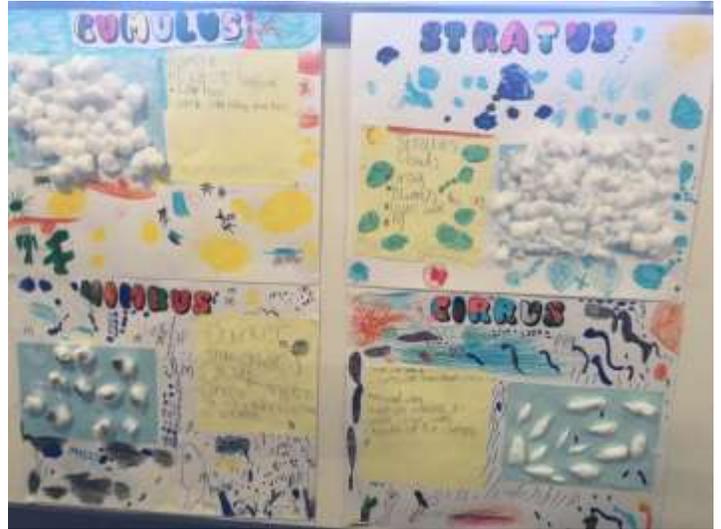

It was fantastic to see so many movie stars and characters come and show off their moves on the dancefloor at the Junior School Disco! What a great night!

INTEGRATED

Over the past few weeks Grade 1's have been mad scientists exploring and learning all about the weather, temperature and the water cycle. Students watched some boiling hot water evaporate into the sky and we discussed how evaporation of water vapour forms clouds in the sky. Students made posters of some of the different types of clouds and displayed these in the classroom! We have been measuring the temperature inside and outside the classroom with thermometers and even measured our body temperatures.

Mother's Day

Thank you again to all our lovely parents and helpers who helped organise the Mother's Day gifts this year!

The students loved making their pot plants for their mums!

Lee Fox

We were extremely lucky to have a real-life author, Lee Fox come and visit us at school to talk to us all about writing books. Lee even

signed the students' books that they bought from her!

Grandparents Day!

On Monday many students invited their Grandparents along to school for the morning to show them around the school, do some activities and play some games. It was so lovely to see so many grandparents come and join the day.

Rosebud Secondary College visit.

Grade 1 had some Year 11 VCAL students from Rosebud Secondary come and visit them yesterday who are working on writing their own children's books. Grade 1 students

helped them to come up with character names, draw pictures and come up with the storyline for their stories.
