6 breakfast, Grade 6

assembly.

### GRADUATION

Graduation night is very close; we have sent home information regarding seating for this event. Please read it carefully. We are looking forward to an enjoyable night to celebrate your child's year!

### HIGH SCHOOL TRANSITION

We have not received any information regarding each schools activities on this day, however if we do receive anything we will let you know. If you have any questions, please contact your prospective high school

### REPLAS

The excursion reiterated many of the important lessons the students have discovered throughout term 4. Parents should be proud of the way the students represented themselves at the tour. The unit on sustainability is continuing in the classroom. Grade 6 are setting a great example across the school on this topic.

### Current Studies

#### **Homework**

The focus has been on students completing work at home to make sure they complete it before the due date.

**Literacy** – We are back completing Literacy grids. We are still seeking a high standard of work from students to achieve their goals.

**Maths** – We have continued to look at real life problems with a unit on time. Students are becoming more aware of the importance of Maths been used every day.

**Integrated** – We are currently presenting our findings on great sustainability inventions, students are displaying some great work on this subject.
